Product Features Autodesk CADDrawing program AutoCAD Product Key R2018 is a Computer Aided Design (CAD) software and a Drafting program that helps you draft in vector, raster and DXF formats. Autodesk AutoCAD features include: Multi-view 3D modelling Auto detailing Photo-realistic rendering Vector editing Raster editing DXF Import Scan2CAD Exporting to PDF/EPS 2D drawings Drawing revision history And much more Main Features 2D Drawing The AutoCAD drawing environment is designed to simplify the drawing process. It consists of a 2D canvas onto which you place objects, symbols, images, and text. Use the standard menu commands to activate editing commands, move, rotate, scale, or mirror existing objects. Design your objects in 2D or 3D space. Select the view or base, and specify the design of your object from any of four different perspectives. (You can use the Hint functionality to quickly switch between views.) Use the Set Coordinates tool to enter 2D or 3D coordinates. Or enter coordinates by dragging an object. Place object objects in a drawing file or on the desktop. Create sub-objects and combine objects to build a complete drawing. Drag objects from other drawings to place them in your drawing. Design from scratch or edit a previously created drawing. Save drawings in a single file or in a series of files. View and print drawings. The 2D drawing canvas features the following key capabilities: Graphics tools Raster and vector editing tools All tools support 2D drawing in any perspective. All tools also support 3D modeling, including Cylinder, Sphere, Cone, Surface, Wireframe, Volume, and more. Graphics Tools When you work on your drawing, you can choose from a variety of predefined toolbars, or you can customize the tools that appear in a toolbar. You can also activate a tool's shortcut key from any tool in the toolbar. For more information, see Toolbars. Raster editing tools The Raster Editing tools include a Filter tool, a Brush tool, a Pen tool, and a Stamp tool. The Filter tool enables you to apply one or more filters to your drawing. Use the tools on the Filter

"Every day I try to get better. I train as hard as I can and learn as much as I can. I always want to be the best. I always want to keep pushing and moving forward, which is what I did with the program last year. "The feedback from my coach was that I was very capable of being an offensive lineman for the University of Michigan." Thompson, a native of Canton, Ohio, earned the attention of football coaches when he was a junior in high school at Garfield Heights High School. "I knew I could play football at a high level," he said. "I think I have a high football IQ and I really believe in myself." The Tigers had the top-ranked offense in the state when Thompson was a sophomore and junior, but when he moved to quarterback he led the Wolverines to back-to-back shutouts. "When I came in I saw the caliber of the high school quarterbacks here at Michigan," Thompson said. "I definitely believe in myself. I know what I have to do and what I need to work on. I learned from every game. I didn't give up and I didn't come back from a bad play. I was always ready to play." Thompson said his father, Larry, was the one who first suggested he pursue an academic career at Michigan. "I really wanted to go to Michigan," Thompson said. "I grew up in Ohio and Michigan is where I wanted to be." A four-year starter, Thompson passed for 4,128 yards and 45 touchdowns in 33 games, and rushed for 667 yards and six scores. He also served as a team captain his senior year and was a team MVP in 2010. "I wanted to play at a high level of football," he said. "I knew I could play Division 1 football." Thompson was named the Associated Press Division 1-AA offensive player of the year in 2010
